

# Driscoll's®

Only the Finest Berries™

Their delicate, citrus-y flavor is reminiscent of honeydew, apricot and pineapples. Sunshines are perfect for salads and make a glass of champagne sparkle even more.

They are far less tart than red raspberries.

Exquisite taste & beautiful ombre appearance.

Unlike other berries, the **Sunshine Raspberry** requires direct sunlight in order for the “blush” to appear on the fruit.

PPF# 120353

Packed: 12/6 oz.
