

Hand made with a perfect **blend of shrimp, crab & scallops in a creamy sauce**. These incredible **SEAFOOD CAKES** contain no fillers of any kind.

Hand formed for that "in house" look without the in house work. These seafood cakes are fully cooked, just brown and reheat from frozen.

This unique seafood cake is so versatile: serve by themselves or as a sandwich, or topper for a salad.

Stone Silo's flagship product, made since 1991.
